

BROOKFIELD INSIDER

AUGUST'25

E-Newsletter for the Month of AUGUST 2025

"The essence of freedom lies not only in independence, but in the responsibility to preserve our culture, values, and unity."

The month of August has always carried a special significance in the Indian calendar, and at Brookfield International School, it was truly a time of festivity, celebration, and patriotic fervor. The spirit of togetherness and pride in our nation resonated across the campus as students and teachers came together to mark some of the most cherished occasions.

The highlight of the month was the **Independence Day Celebration**, where our students showcased their love for the nation through vibrant cultural performances, speeches, and patriotic songs. The tricolour unfurling filled every heart with pride, reminding us of the sacrifices made to gift us the freedom we enjoy today.

Equally enriching was the **Janmashtami Celebration**, where the school echoed with devotion and joy. Students enthusiastically participated in dance dramas depicting the life of Lord Krishna, and the vibrant decorations added to the festive spirit. The event was not only a cultural showcase but also an opportunity for students to imbibe the values of faith, love, and righteousness.

The bonds of affection were beautifully highlighted during the **Raksha Bandhan Celebration**, where the essence of sibling love was expressed with warmth and creativity. Students tied rakhis, exchanged heartfelt messages, and reflected upon the values of care, protection, and mutual respect.

In addition to these grand festivities, the month was filled with a variety of engaging activities, competitions, and classroom initiatives designed to nurture creativity, confidence, and collaboration among our learners. Each celebration and event brought the school community closer together, leaving behind memories of joy, unity, and learning.

As we step into the upcoming months, let us continue to cherish our traditions, celebrate our diversity, and uphold the spirit of patriotism and brotherhood in everything we do.

PARENT TEACHER MEETING

*"A strong partnership between home and school
is the key to student achievement."*

On 2nd August, our school was abuzz with the parents strolling to the classrooms with their little ones, excitedly showing their work displayed in the classes. The parent teacher meeting provided a meaningful platform for parents and educators to engage in constructive dialogue on the holistic growth and development of the children. Alongside the meeting, an art exhibition was organized where the beautiful models made by participants during the best out of waste competition were displayed. The colourful exhibits, crafted with imagination and skill, drew much admiration from the visiting parents.

NATIONAL HANDLOOM DAY

*"Revering the beautiful craftsmanship that
goes into every single thread."*

At BFIS we not only teach children about the various types of handicrafts but also to appreciate the hands that make them. National Handloom day is celebrated on 7th August and on this day our UKG kids were engaged in the weaving activity. They made beautiful sheets weaved with colourful ribbons. An exhibition of various handloom products from the different states of India was put up by the educators to show our little ones the actual clothes for better understanding. The journey of cloth- Vastra katha, was also shown by displaying cotton, threads, spinning wheel and weaved handloom clothes. Overall the exhibition showcased the rich legacy of Indian textiles.

RAKHI MAKING ACTIVITY

"Siblings share a bond that's woven together with shared memories, laughter, and love."

On 8th August our munchkins created beautiful delicate rakhis made with love from ribbons, glitters and colourful sheets celebrating the sacred bond of sibling love. At BFIS we ensure that all traditions and values are taught to kids for their holistic development.

ROLE PLAY FREEDOM FIGHTERS

"The preservation of freedom is not the task of soldiers alone. The whole nation has to be strong."

Our young patriots from grade UKG paid a heartfelt tribute to the brave hearts of our nation through a powerful Role Play on Freedom Fighters on 11th August. Dressed as iconic leaders like Pt. Jawahar Lal Nehru, Bhagat Singh, Rani Lakshmi Bai, Udham Singh, Subhash Chandra Bose, Sarojini Naidu, Dr. B.R. Ambedkar, and Chandrashekhar Azad, the children stepped into the shoes of our national heroes, bringing history alive with passion and pride. Each performance was a wonderful blend of expression, confidence, and reverence — leaving the audience inspired and emotional. The event not only enhanced their understanding of India's freedom struggle but also nurtured a sense of patriotism and gratitude in these young hearts.

Their powerful dialogue delivery and expressive portrayal truly reminded us that the legacy of our freedom fighters will forever live on in the spirit of our children.

TRI COLOUR FLAG MAKING

*"The heartbeat of our nation lies in every proud Indian.
Let's keep it strong by embracing the spirit of unity and patriotism."*

A national flag is vital as a symbol of a country's identity, sovereignty, and unity, embodying its history, values, and the collective spirit of its people. Our munchkins made beautiful Tirangas with vegetable stamping, tearing pasting and paint brushes and took them home proudly. National flag fosters national pride, represents the struggles and sacrifices of freedom fighters, and serves as a unifying emblem that connects citizens across diverse regions and cultures.

JANAMASHTAMI CELEBRATIONS

The spirit of devotion and joy filled our campus as we celebrated the divine birth of Lord Krishna with great enthusiasm. Our kindergarten kids came adorably dressed as natkhat Kanhas and nanhi Radhas giving the vibes to the school as of Vridavan. UKG kids stole hearts with their delightful dance performances, while the LKG kids filled the air with devotion through melodious bhajan singing. The soulful aarti was performed by Hon'ble Patron Mrs Neelam Singla and respected Principal, Mrs Vandana Bansal, spreading positivity and blessings all around.

INDEPENDENCE DAY CELEBRATIONS

*"Patriotism consists not in waving the flag,
but in striving that our country shall be righteous as well as strong."*

BFIS celebrated the spirit of freedom and patriotism on the occasion of Independence day with great zeal and pride. The day began with the flag hoisting ceremony, where our esteemed Principal, along with the staff, unfurled the Tricolour. The national anthem reverberated in the air, filling every heart with immense love for the nation. This was followed by a vibrant cultural programme presented by the staff, which included patriotic songs, inspiring speeches, and artistic performances that highlighted the sacrifices of our freedom fighters and the essence of India's unity in diversity.

The event not only instilled a sense of national pride but also reminded everyone of their responsibility as citizens to contribute towards building a stronger and brighter India.

CLAY MOLDING COMPETITION

"Creativity is a continual surprise."

Our kindergarteners participated in a **Clay Molding Competition**, and what a delightful showcase of imagination it was! With their little fingers and lots of enthusiasm, our young artists shaped animals, fruits, flowers, and even miniature scenes — all from colourful clay! This hands-on activity not only sparked their creativity but also enhanced their fine motor skills, focus, and spatial understanding. The joy on their faces as they brought their ideas to life was truly priceless. Every clay model told a unique story, and our budding sculptors won hearts of the panel of Judges with their artistic expressions. Principal Mrs Vandana Bansal applauded the creativity and imagination of the little ones. At **BFIS**, we believe in nurturing imagination through play and creativity — and this event was a perfect example of learning through joyful experiences!

DENTAL HYGIENE DRILL

To instill the importance of dental hygiene in our little learners, our kindergarten educators at **BFIS** conducted a fun-filled Dental Hygiene Drill through an engaging story enactment. Dressed in vibrant costumes and equipped with giant toothbrushes and props, the educators brought the world of healthy teeth to life—leaving our young audience wide-eyed and giggling, while learning valuable lessons! Adding to the learning experience, our school doctor interacted with the children and explained the dos and don'ts of oral care in a simple and friendly manner. From brushing twice a day to avoiding too many sweets, the doctor's tips were both informative and easy for the kids to remember. It was a perfect blend of fun and education, reminding our munchkins that a bright smile begins with good dental habits! It was a day of sparkling smiles at **BFIS** kindergarten.

WATER PAINTING ACTIVITY

Our pre nursery kids had a fun filled day while making patterns with brush and water. Painting with water is so much fun and a great way for children to experiment and feel comfortable to have a go with early writing and drawing skills.

JIGSAW PUZZLES

At BFIS, every activity is a step towards building sharper minds and stronger skills. Our kindergarten kids enjoy deeply engrossing in solving puzzles — an engaging exercise that not only keeps their little hands busy but also strengthens their visual-spatial intelligence, problem-solving abilities, and logical reasoning. Puzzle making is a regular activity in our kindergarten. As they patiently match shapes and pieces, their eyes sparkle with curiosity and joy at every completed picture. Activities like these help children develop focus, perseverance, and critical thinking, while also nurturing creativity and confidence. At BFIS, we believe learning should always be fun, meaningful, and skill-enriching!

BOOK READING CLUB

A little reading is all the therapy a person needs sometimes.

Our educators recently gathered for a Book Reading Club meeting—a reflective and enriching session designed to inspire dialogue, critical thinking, and personal growth. The club, a cherished initiative among the staff, provides a platform for passionate readers to delve into literature, share insights, and explore new perspectives. More than just a literary exchange, these meetings contribute significantly to the professional and personal refinement of our educators, helping them stay intellectually curious and deeply connected to the joy of lifelong learning. Such gatherings not only fuel a love for books but also serve as a meaningful tool for polishing pedagogical practices, ultimately benefiting the classroom experience for our students.

CLASS OF THE MONTH

Nursery Delta is a class of dazzling stars so full of energy and twinkling with smiles. They are nurtured by dedicated educator Mrs Vindu. Through engaging activities, interactive storytelling, and hands-on learning, she helps build essential skills in language, numeracy, and motor coordination in her class kids.

SIGHTSEEING SPOT OF THE MONTH

AIR FORCE MUSEUM

As the theme of the month was Patriotism, our little learners were taken on an inspiring journey to the Air Force Museum, Chandigarh. A virtual tour was organized, where children got a glimpse of the glorious history of the Indian Air Force and its brave heroes. Adding to the experience, a few of our students also visited the museum in person, proudly connecting with the spirit of our nation's sky warriors. The activity left the children feeling motivated and filled with patriotic pride.
